Or Charge to Account.			

[illegible]

It is also very desirable that Small Orders should be accompanied by a Remittance, as the extra postage incurred in rendering accounts and acknowledging small amounts is a serious and unnecessary charge.

Prices.—In order to produce the highest quality of stock possible and retain our reputation, we are under heavy expenses, whilst the price of fruit trees has been very slightly increased during the past thirty years: the price is a secondary consideration compared to a client's success.

We find it impossible to reduce our prices, as this would lower the standard of quality.

Terms of Sale.—We believe that all trees and plants sold by us are of the description and kind specified at the time of sale. Where reasonable proof is given that plants have been wrongly labelled we will refund the original purchase money or correct the mistake by new plants; but we give no warranty, expressed or implied, as to their growth, description, quality, or productiveness, and will not be in any way responsible for the crop, as these factors are governed by forces beyond our control.

All sales are made subject to these conditions, and if the purchaser does not accept the goods sold on these terms they are at once to be returned.

APPLES—continued.

Carolina Red June—Medium size, highly coloured, dessert ; early.

Golden Delicious—Introduced from U.S.A. with pages of its record. A remarkable long-keeping yellow apple, young and heavy bearer, wonderful cool store variety, where it retains its splendid quality and juiciness. Price 5/- each ; 48/- per dozen.

Madino—

Milton—

Monarch—

Orleans—

Stone Seedling—Early red apple, ripening before Gravenstein.

Tasman Pride—Highly coloured, good flavour ; late.

*These varieties can also be supplied specially grown on their own roots, which is preferable to Seedling Stocks ; producing large even trees, excellent crops, and coming into bearing early.

DWARF APPLE TREES

2/6 each ; 24/- per doz.

Varieties worked on Paradise Stock.

CHERRIES

On Mazzard Seedling Stocks

2/- each ; 18/- per doz. ; £6 per 100

*Bedford Prolific	*Burgsdorf Seedling	Kentish
Belle de Orleans	Chapman	Morello
Bigarreau Common	*Eagle's Seedling	*Noble
„ *Napoleon	*Early Lyons	*Precoce de Boppard
„ Pellissier	*Early Purple Guigne	*Ramon Oliva
„ Twyford	Early Rivers	*Reine Hortense
*Black Bigarreau	*Florence	*St. Marguerite
„ Diamond	Govenor Wood	Werder's Early Black
„ Hawke	Guigne Annonay	Wilks' Seedling
„ Republican		

Bigarreau Gaucher—Fruit very large ; skin brown red ; flesh reddish, firm, juicy, and very good. Tree is a vigorous and hardy grower ; early.

„ ***Nair de Gybe** (late Marguerite).—Large black with short stalk, similar to St. Marguerite, but later.

Black Bohemian—A large fine black cherry, and first class for market ; medium.

„ **Tartarian**—Large, black, strong grower and very prolific ; good market variety ; medium.

Dark Florence—This variety is identical with Florence, the fruit being a shade darker.

*Also on Kentish Stock.

CHERRIES ON MAHALEB STOCK

ORNAMENTALS, CONIFERS, etc.

Additional Varieties with Descriptions.

<i>Abies Canadensis Alba</i> (Canadian White Spruce)—60 feet	2/6
„ <i>Concolor</i> (The great White-Silver Fir)	12/6
„ <i>Kosteriana Glauca</i>	12/6
„ <i>Nigra Doumetti</i> —Doumett's variety of Black Spruce of North-East America; 50 feet	12/6
„ <i>Omorica</i> (Servian Spruce)—Dark foliage, leaves flat	12/6
„ <i>Parryana Glauca</i> —Blue foliage, good colour	12/6
„ <i>Pungens</i> —A handsome species from California, with prickly leaves; 80 feet	12/6
<i>Acacia Pycnantha</i> —A large-leaved quick-growing variety, with large golden flowers in early spring	1/6
<i>Acer Aoba-no-fuye</i> —Regular palmate green leaves	7/6
„ <i>Aochanishiki</i> —Green and yellow mottled	7/6
„ <i>Nishikigasane</i> —Palmate, yellow variegated	5/-
„ <i>Nusatori-yama</i> —Three-lobed small leaves, white very slightly pink shaded.	7/6

C. A. NOBELIUS & SONS PTY. LTD.

ORNAMENTALS, CONIFERS, etc.—continued.

Acer Trifidum	—Three-lobed leaves, changing to bright red in autumn.	7/6
„ Tsumagaki	—Regular small palmate leaves, green tipped brown.	7/6
„ Tsuru-nishiki	—Deeply cut ribbon-like leaves, plain green	5/-
„ Wabihito	—Green with feather-like leaflets	5/-
„ Wahi-no-o	—Green thread-like long leaflets, with deep serrations.	7/6
Acer	with three or four of the Japanese varieties worked on single stock.	10/6
Acer	(Tree varieties)—	
Platanoides Drummondii	—A new variety with leaves largely bordered with white, very effective	5/-
Virginianum Fulgens	—Small leaves with silver on the back	5/-
„ Tripartitum	—Handsome cut leaves, fairly large.	5/-
Agonis Flexuosa	—A hardy tree from West Australia, with a pleasing weeping habit and attractive white flowers; 30 feet	2/-
Alnus Glutinosa Incisa	—A variety with deeply-cut leaves	3/6
Andromeda Japonica Variegated	—A handsome silver variegated form, with the same flowering habit as Japonica	2/6
Apricot Variegated	—Leaves largely spotted with bright golden yellow.	2/6
Berberis Aquifolium	—Hardy evergreen, suitable for the coldest climate; flowers yellow; spring	2/6
„ Japonica (syn. Bealei)	—Large-leaved variety; grows to 4 feet, and bears yellow flowers and purple fruits	2/6
Betula Alba Pendula Youngi	—The true Young's variety of Weeping Birch, a beautiful weeping tree; can be trained to grow fairly high by staking the leader. The young pendulous branches attain a great length	10/6
„ „ Pyramidalis	—Has the white bark of the common Silver Birch, but its habit resembles the Lombardy Poplar, strictly pyramidal.	10/6
„ „ Weeping	—These are grafted high to form umbrella shape as in the Weeping Elm	21/-
Biota Orientalis	(Varieties)—The Chinese or Oriental Arbor Vitæ. These plants are specially adapted for tubs, rockeries, or any kind of formal work, but require good drainage and plenty of water. The varieties are mostly very compact and dwarf in habit, and are, in our opinion, the most attractive of all the dwarf conifers. Most of them turn bronze in winter.	
„ „ Aurea	—Dull golden, compact; grows to about 4 feet.	5/-
„ „ „ Compacta	—Bright golden, dwarfer habit than the above; 2 feet	3/6
„ „ „ Seedlings	—These are bright golden, selected from common seedlings for their compact growth; 4 to 6 feet	3/6
„ „ Elegantissima	—Bright golden foliage, upright habit; 4 feet.	3/6
„ „ Filiformis Erecta	—Light green, thread-like foliage, weeping habit; 3 to 4 feet	5/-
„ „ Nana Aurea	—The best of all on account of its very dwarf habit, and bright golden foliage	3/6
„ „ Pyramidalis	—Upright, light green; 6 feet	3/6
„ „ Semperaurescens	—This variety is golden all the year round.	3/6
„ „ Variegated Aurea	—Green and gold variegated; 3 feet.	3/6
Boronia Elatior	—Dense foliage, flowers rosy carmine; 4 feet	2/6
Buxus Sempervirens Angustifolia	(Narrow-leaved Box).	2/- each; 18/- doz.
„ „ Pyramidalis	—Tall, upright growing, with dark green leaves	2/- each; 18/- doz.
Callitris Robusta	(The Murray Pine)	2/- each; 18/- doz.

GEMBROOK NURSERIES, EMERALD

ORNAMENTALS, CONIFERS, etc.—continued.

- Cantua Bicolor**—Pendulous trumpet-shaped flowers, pale red and yellow; very effective 2/-
- „ **Dependens**—Rose-coloured trumpet-shaped flowers, hanging gracefully from all parts of the tree 2/-
- Carpentaria Californica**—Beautiful white flowers in spring, bushy habit, not easy to transplant, but thrives when established; 8 feet 5/-
- Carpinus Americanus** (The American Hornbeam)—Colours fairly well in the autumn; 20 feet 2/6
- Cedrus Libani** ("Cedar of Lebanon")—A noble tree with a crown of wide-spreading horizontal branches 3/6
- Celtis Australis** (Nettle Tree)—A hardy dwarf deciduous tree from the Mediterranean, light green foliage turning yellow in autumn; 10 to 15 feet. .. 2/6
- Ceratostigma Willmottiae**—A rare and beautiful shrub from China, which produces clusters of deep sky-blue flowers over a long season, and is an acquisition to the list of blue flowering plants; hardy; 3 to 4 feet 2/6
- Chorizema Cordatum**—Dwarf evergreen shrub, with small orange and yellow pea-shaped flowers in winter and early spring; will thrive in poor well-drained soil; 2 to 3 feet 2/-
- Cratægus Arnoldiana**—A very attractive species with large cherry-like fruit, .. 2/6
- „ **Coccinea**—Variety with white flowers, berries bright red, fine autumn foliage 2/6
- „ **Persimilis**—A distinct variety, with large foliage and brightly-coloured berries 2/6
- „ **Pyracantha Rogersiana Flava**—A bushy variety with dentated foliage, berries golden yellow, colouring very early and remaining until late autumn; 5 feet 2/6
- Crinodendron Hookerianum**—Rare evergreen flowering shrub from Chili. Requires a warm position and bears wax-like brilliant coral red flowers of a balloon shape about 1 inch diameter 5/-
- Cryptomeria Japonica Elegans Compacta**—A new dwarf compact form of the popular *Cryptomeria Elegans* 5/-
- Cupressus Lawsoniana Erecta Aurea**—Dwarf erect-growing variety with bright golden foliage 3/6
- Cytisus Scoparius** (Cornish Cream)—Creamy white with yellow centre. .. 2/6
- Dacrydium Franklinii** (The Huon Pine)—A distinct conifer of 20 feet, with attractive weeping branchlets; suitable for cool moist districts only. .. 5/-
- Daphne**—The best-known variety with deep pink flowers, deliciously fragrant. .. 5/-
- Deutzia Crenata Magnifica**—Bears a profusion of snow-white flowers. .. 2/-
- Euonymus Europæus Purpurea**—This variety has purplish-coloured leaves throughout the summer 2/6
- „ **Japonica Aurea**—A golden-leaved variety of the above. .. 2/-
- „ „ **Golden Variegated**—Large-growing bushy evergreen shrub, with golden variegated foliage 2/6
- „ „ **Silver**—Similar to above, but with silver variegated foliage 2/6
- „ „ **Variegated Centre**—Leaves golden, margined with dark green 2/6
- Fagus Sylvatica Tricolor**—This variety has purple leaves, margined with white, rose, and crimson 5/-
- Genista Donard's Seedling**—Beautiful variety, vigorous and upright, colour garnet and yellow 2/6
- „ **Dragon Fly**—Rich crimson and yellowish bronze 2/6
- „ **Lilac Time**—Vigorous and dense growing shrub, covered with flowers of lilac pink in early spring; highly recommended 2/6
- „ **Mrs. G. A. Reardon**—Bright red buds, changing to pink as the flowers open 2/6
- Hamamelis Virginica** (Virginian Witch Hazel)—Yellow flowers produced in winter when the leaves are off; 10 feet 2/6

C. A. NOBELIUS & SONS PTY. LTD.

ORNAMENTALS, CONIFERS, etc.—continued.

- Hoheria Populnea** ("Lacebark")—One of New Zealand's best white-flowering native trees; quick growing 2/6
- Holly, English Yellow** (*Ilex Aquifolia Fructu-luteo*)—The yellow-berried common green holly 2/6
- Jacaranda Mimosæfolia**—Lavender bell-shaped flowers in the spring, splendid for avenue or street planting; should be planted when the frosts are over; 15 to 20 feet. Requires a warm situation 2/6
- Juniper Chinensis** (Chinese Juniper)—Dense slender green foliage; 10 feet. 2/6
- „ **Hibernica** (Irish Juniper)—A slow-growing, very compact variety. 2/6
- „ **Japonica Aurea** (The Golden Japanese Juniper)—Very dwarf and compact 2/6
- „ **Prostrata**—A prostrate form of Juniper suitable for planting on banks and rockeries 2/6
- Laburnum Vulgaris Foliis Aurea**—Has bright yellow foliage throughout the summer; yellow flowers similar to the common variety 3/6
- Lantana Alba**—Creamy white 1/6
- „ **Diadem**—Delicate pink and cream 1/6
- „ **Magenta Queen**—Rich magenta and orange 1/6
- „ **Minnie Basil**—Lilac and white 1/6
- Larix Europea**—A deciduous conifer, requires damp situation 2/6
- Lasiandra Edwardsii Robusta**—A dwarf variety of great beauty, producing flowers as large as *Grandiflora*, and as freely as *Macrantha*. Hardier and more vigorous than *Grandiflora*, and flowering freely through the winter months 2/6
- Laurus Nobilis** (Sweet Bay)—A conspicuous tree with aromatic foliage; hardy anywhere, including coastal districts 2/-
- Lavender Bosisto**—Stronger grower and longer flower spikes than *Vera*; makes a strong border 1/6
- „ **Vera**—The true English garden Lavender, fairly dwarf, and very fragrant 1/6
- Leptospermum Sandersii**—A new hybrid bearing large single pink flowers, with deeper centre 2/6
- „ **Scoparium Roseum fl. pl.**—Double pink flowers; very attractive 2/6
- Ligustrum Japonicum Variegatum Tricolor**—A silver variegated variety with pink edges to the young leaves 2/6
- Liquidambar Formosana** (Formosan)—The young leaves are purple throughout the summer 3/6
- Myoporum Lætum**—A hardy quick-growing shrub, with semi-transparent leaves and purple berries; suitable for coastal localities 2/-
- Oak Phylliroides**—Very dwarf, small-leaved evergreen variety; 8 to 10 feet. 2/6
- „ **Robur Fastigiata**—Upright form of the English Oak; has the habit of a Lombardy Poplar 2/6
- Olea Fragrans**—Evergreen, small orange flowers, highly perfumed 5/-
- Olearia Oleaefolia**—Leaves similar to the Olive 1/6
- Picea Rubra**—A North American species, growing from 40 to 50 feet. .. 2/6
- Pittosporum Crassifolium**—Foliage grayish green, flowers brown purple; a very hardy variety for dry situations; 10 feet 1/6
- „ **Nigrescens Variegated**—A silver variegated form of the small-leaved black-stemmed *Pittosporum*. Makes a handsome specimen; 8 feet 2/- each; 18/- doz.
- Poinciana Gilliesii**—A gorgeous flowering plant, requiring a warm position; deciduous, *Acacia*-like foliage, flowers yellow with long red stamens; 6 feet. .. 2/6
- Populus Tremula**—The true Aspen, Trembling or Whispering Poplar, so called on account of the leaves always being on the move 5/-

GEMBROOK NURSERIES, EMERALD

ORNAMENTALS, CONIFERS, etc.—continued,

- Retinospora Plumosa Golden Argentea**—Similar to Plumosa Aurea, but much brighter in colour 3/6
- Rhodotypos Kerrioides**—A spreading deciduous shrub with large foliage, flowers white, followed by berries which turn black in autumn, and remain after the foliage has fallen ; 4 feet 2/6
- Salix Cinerea Tricolor**—Leaves variegated with green, white, and pink. .. 2/6
- „ **Laurina**—Laurel-like ; 8 feet 2/-
- „ **Purpurea**—Purple willow ; 8 feet 2/6
- Sequoia Gigantea** (The Californian Big Tree)—The trunk of this tree is clothed to the ground with short, slender, upcurving branches, making it very ornamental 2/6
- Symphoria Vulgaris Variegata**—A good variegated shrub to fill a corner, being very hardy and useful for cutting to use with cut flowers ; 3 feet .. 2/-
- Thuya Occidentalis** (American or Western Arbor Vitæ)—
 These shrubs are much hardier than the Biota Oriental Arbor Vitæ, and will stand in hotter and more exposed situations. Suitable for tubs and specimens for formal gardens. Dwarf varieties also suitable for rockeries. Respond well to light trimming 2/6
- „ „ **Argentea**—Silver variegated.
- „ „ **Boothii**—Very compact, conical shape.
- „ „ **Columbia**—Tall growing, conical, variegated with white.
- „ „ **Compacta**—Very dwarf and compact.
- „ „ **Froebelli**—Dwarf, compact, and naturally ball shaped ; ideal for tubs.
- „ „ **Globosa**—Similar in growth to Froebelli.
- „ „ **Hoveyi**—Loose growing, conical.
- „ „ „ **Variegata**—Similar to above, but variegated.
- „ „ **Little Gem**—Very dwarf and compact.
- „ „ **Pygmea**—Very dwarf and attractive dark green.
- „ „ **Pyramidalis**—Has the habit of the Roman Cypress, and will be wanted when better known, being upright and slender.
- „ „ **Spathii**—Thread-like foliage.
- „ „ **Umbraculifera**—Umbrella shaped.
- „ „ **Versmanni**—Strong grower, compact, conical.
- „ „ **Vervæneana**—Strong, conical.
- „ „ **Warreana**—Dwarf, conical.
- Veronica Andersoni Variegata**—Flowers blue, foliage heavily margined white ; 3 feet 2/-
- Viburnum Sieboldi**—A hardy shrub of vigorous growth. Flowers white, but fruit drops soon after ripening 2/-
- „ **Tomentosum Plicatum** (Japanese Snowball)—One of the most showy of deciduous flowering shrubs. Flowers pure white in rounded clusters at the end of the twigs, followed by red berries. .. 2/6
